Would you rather go on the next mission to the Moon or spend the rest of your life living in Europe, all expenses paid? Why?

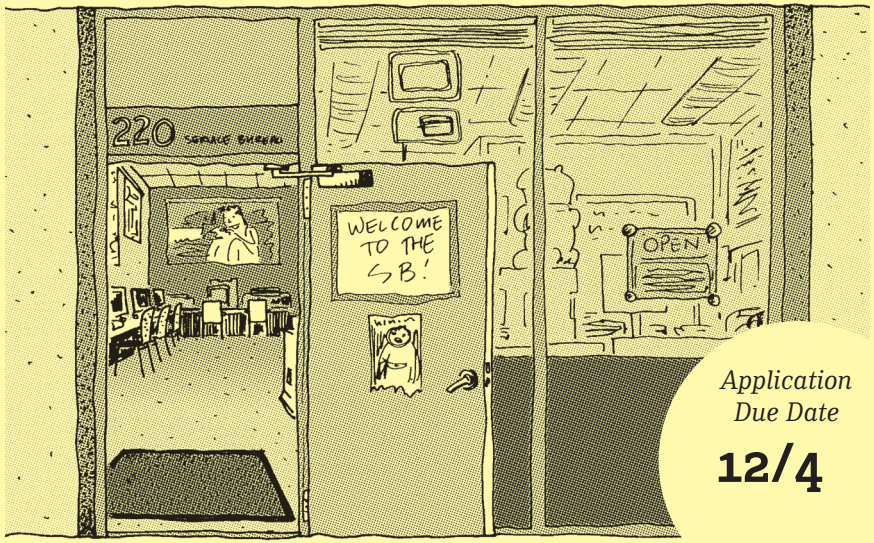

A train with Will Smith on board leaves Miami on Tuesday at 3:20pm traveling toward Minneapolis. There are 37 passengers on board. A student needs a banner print by 9am the following day. How many times will Will need to listen to his hit song 'Miami' in order to get the banner print done on time?

POTENTIAL CANDIDATES WILL RECEIVE AN EMAIL REQUEST FOR AN INTERVIEW

Application for Employment in the

MCAD SERVICE BUREAU
AND DIGITAL PRINT LAB

Application Due Date

12/4

NAME .....

MAJOR .....

CURRENT YEAR: *freshman* ☐ / *sophomore* ☐ / *junior* ☐

(We may hire someone who will become a first semester Junior but we don't hire Seniors.)

CONFIRMED WORKSTUDY?
Yes ☐ *No* ☐ *(Talk to the Financial Aid office if you don't know)*

JOB RESPONSIBILITIES

Assisting in the overall operation of the Service Bureau + Digital Print Lab, maintaining our equipment and systems:

- Completing student/faculty/staff copy jobs, large production projects, binding, assembling, and other specialty services
- Providing assistance to campus customers with printing, scanning, copying, and related services
- Diagnosis and troubleshooting of problems (hardware and software)
- May be called upon to give or assist with classroom demonstrations
- Collecting payment for and tracking services and purchases

Why do you want to work in the Service Bureau/what do you hope to gain by working in the SB?

What skills, abilities or aspects of your personality do you think would be beneficial to the Service Bureau? (Why should we hire you? Please list or explain any relevant experience. **Attach a current resumé if you have one**.)

If you could change/improve one thing about the SB, what would it be?

A banner print is priced at $7/foot. Someone submits a file that is 27 inches long. How much will it cost?

Please check off the problems below which are the responsibility of the Service Bureau to help with:

- ☐ My computer keeps shutting down
- ☐ I don't have the ImagePress installed on my computer
- ☐ I don't know how to use InDesign
- ☐ Photoshop won't open for me
- ☐ Something is wonky with my After Effects project
- ☐ What are all these lines in my Epson print?
- ☐ The projector in room 230 isn't working

Your house/apartment is burning down. Aside from the obvious (computer/wallet/keys/etc.) what five things do you save and why? Be imaginative.

List your desert island, all-time top five albums or movies.

Don't forget the back side! -->
